These works in the Fort Ticonderoga research collections in the Thompson-Pell Research Center may be studied by appointment on weekdays. The library collections do not circulate. The condition of certain volumes may prohibit photocopying.

Most of the unique manuscripts in the Fort Ticonderoga collections have been reprinted in *The Bulletin of the Fort Ticonderoga Museum*, published since 1927. The Bulletin may be found in state historical society libraries in the Northeast and in major university libraries. Some back issues are still available.

As a private, not-for-profit educational institution, Fort Ticonderoga welcomes contributions to support the expansion of its research collections and services.
